

Won't Cost The Earth

Packs that last a lifetime
Guaranteed*

New for 2009, the Lifestventure Adventure Trail range has been produced for adventure travellers who demand functional kit that lasts. Guaranteed for life, these products are all made from fully recycled fabrics and 2% of our profits go to environmental projects in the UK and abroad. So, these packs won't cost the Earth in either a financial or environmental respect. In addition, all the packs have numerous features including i-Trak, permanent luggage tags, security pockets and wrap around openings for easy access. You will also get discount on your DOGTAG travel insurance.

Whether you need a carry on piece of luggage with wheels, a daysack with hidden security pockets or a fully specified travel rucksack with zip away harness and detachable daysack, the Adventure Trail range has a product for you. Please see www.lifestventure.co.uk for further details and stockists.
